

October 18, 2022

Dear potential employer,

Please accept this letter of recommendation for Student.

I was Student's teacher (or coach) from 8/2021 to 5/2022. During my time with Student I observed a young person who was willing to do the work that was needed to succeed. He often times would help others so they too could succeed.

I feel Student would be committed employee to the business where he is employed. Of course he would require training, but after he is comfortable with his responsibilities, I am confident he would soon become one of your most faithful and trusted employees.

Personally, I have found Student to be an enjoyable young man.

Please contact me if further information is needed.

Sincerely,

Janet Blackketter

WEE Teacher
