

About KRBH LP FM:

KRBH LP FM, Spartan Radio is operated by students during school hours and is automated during non-school hours. We broadcast 24/7/365, within a 5 mile radius. Our signal is strongest within the city limits. KRBH is licensed by the FCC and abides by all rules and regulations slated for public “non commercial” radio stations. Student DJ’s must follow FCC regulations and station policy for all broadcast activities. Daily logs are kept and strict protocols are enforced to provide the listener with a quality and professional sounding radio experience.

We Need You

KRBH is currently looking for underwriting sponsors for its school day broadcasts. When you become an underwriting sponsor your underwriting message is played two times during the show (class period) it sponsors. The Underwriting message is played at the beginning and end of that class period. Your message is also randomly mixed in during our automated hours.

The KRBH team will create the underwriting spot to your specifications within the FCC guidelines for underwriting on non-commercial radio stations. All sponsors will be given the opportunity to preview and approve their underwriting spot prior to it being aired.

Our goal is to have a minimum of 7 Underwriters, one per period plus one for our before school Morning Drive Show.

When your Underwriting statement is heard on Spartan Radio it provides your business with positive publicity in the minds of local consumers and emphasizes your support of Red Bluff High School and 93.1 Spartan Radio.

Thanks for considering being an Underwriter on Spartan Radio.

Sincerely

Dax Wagner,

FAX: 529-8739

Advisor: 529-8788

Spartan Radio Underwriting Director ~ 530-646-5332
 Please call after 3:30...Thanks
